Subject: RE: Bilat with Japan Minister?

Hi Josh –

Hope your day is going well. Checking in on this request below and also to ask about the radnet-related discussions you and Cam are having with ORIA? Cam mentioned this morning that there was a meeting on Friday on this and Mark asked me to check in with you on it. Given potential radiation issues with regard to Ukraine, we are looking to better understand current messaging, assessment and any potential engagement/work ongoing or planned.

Thanks much and best wishes,
Katherine

Subject: Bilat with Japan Minister?

Hi Josh –

Hope you are doing well and had a good weekend! Believe you mentioned that the MSR bilat with the Japanese Minister is being rescheduled. Has a date been set? Have you been invited to participate in the meeting? Believe you said that you would be working on updating the briefing paper (as one had been written for a previously scheduled but postponed meeting.

In the SA meeting Ex. 5 Deliberative Process (DP)

Thanks much and please let me know if you have any questions.

Best,
Katherine
